

QUESTIONING TRUTH

with "OSHO"

Experience the powerful process of being a part of a group dynamic as we explore the teachings of OSHO whose passion was to wake us up to our own truth!

Osho says, "There is only one path, which goes inwards, where you will not find a single human being, where you will only find silence, peace." He believed it is everyone's birthright to enjoy the same oceanic experience of true individuality. "What Osho set out to do was pierce our disguises, shatter our illusions, cure our addictions and demonstrate the self-limiting and often tragic folly of taking ourselves too seriously."

"I am not teaching a way, so you cannot claim that my way is the best way - it is not a way at all. You cannot say that this is the only way, because I am saying there is no way at all. I am simply trying to make you alert to that which is already there." Osho

Facilitated by Phil McKewin these evenings will be insightful. Together we will explore our own truth as we ponder deep questions on life.
